### Mission Statement

The Washoe County School District sets out to create an education system where all students achieve academic success, develop personal and civic responsibility, and achieve career and college readiness for the 21st century.

### Superintendent's Highlights

#### Washoe County School District (WCSD) Graduation Rate

The District again had the strongest performance ever on the graduation rate. For the second year, the WCSD has eclipsed the 80% graduation rate marks. This includes a significant narrowing of the achievement gap among all student populations.

#### WCSD Reduced Deficit by More Than 80%

The board adopted a goal to eliminate the District's structural deficit within three years; it has been reduced in the 17-18 fiscal year alone by more than 80 percent, from \$40 million to \$7 million. Toward this end, we are the first school district in the United States to adopt a national best practice for government budgeting, which is priority based budgeting. We will utilize this approach to balance our budget in the coming years by reallocating budget dollars from lower priority functions and preserving and possibly increasing funding for high-priority and highly effective programs.

#### WCSD Earns National Ranking as Best School District in Nevada for 2018

The WCSD has been named the "best school district in Nevada" by Niche, a company that researches and compiles information on schools. The ranking includes key factors such as the strength of academics, health and safety, diversity, and the quality of teachers.

#### WCSD Recognized Nationally Among "Best Communities for Music Education"

For the 11th time, the National Association of Music Merchants (NAMM) has honored the WCSD with its "Best Communities for Music Education" award. Coral Academy of Science Charter School, which is sponsored by WCSD, ranked sixth in the state.

#### Sparks High School Recognized as Model Professional Learning Community at Work/School joins just 29 other U.S. high schools to be recognized for ongoing efforts to improve students' academic achievement

In recognition of its sustained success in raising student achievement, Sparks High School has been named a Model Professional Learning Community at Work by Solution Tree. ### District Communication Efforts

The following was accomplished in engagement during the 2017-2018 school year in support of the Washoe County School District's (WCSD) strategic plan. The Title I Department, the Department of Family-School Partnerships, and the Department of Child & Family Services worked in collaboration with the District's Council on Family Engagement to implement district-wide initiatives for family engagement which included:

- The Department of Child & Family Services partners with families in multiple ways including: providing program wide family events on literacy, math and science, parent workshops on the Nevada Pre-K Standards, the transition between Pre-K and Kindergarten and information on the influences of technology and media on young children.
- Title I funds provides supports to Parent Involvement Facilitators hired at each of the district's Title I schools in order to provide families academic support and fulfill the vision of ESEA section 1118.
- Parent Involvement Facilitators worked collaboratively with the 21<sup>st</sup> Century Team Up afterschool site coordinators to align family engagement events and activities at their school site. There were 16 Title I schools in the 17 – 18 school year that had afterschool programming.
- Professional learning on family engagement for support staff, teachers and administrators through district programs such as Lead-Teach-Learn Administrator Meetings, Teal Tuesdays with Learning Strategists as part of Nevada Kids Read, in-services on family engagement for school staff, Social and Emotional Mini-Conferences, Alternative Routes to Licensure and Saturday CAFEs with teachers.
- Tracked Parent Involvement Facilitator (PIF) and high school Family Graduation Advocate (FGA) academic contacts with families in Infinite Campus Student Information System to provide continuous improvement and focus the PIF and FGA positions on supporting families with their child's academic achievement and development. Improved this process so schools can now pull their own reports in the district's data warehouse.
- Nevada KIDS grant has provided specific support to numerous schools on family literacy including but not limited to: increased the number of school implementing Academic Parent Teacher Teams and the Parent Teacher Home Visit Project, provided families with information on literacy learning opportunities during winter and spring breaks, provided professional learning on family engagement tied to literacy with Learning Strategists during Teal Tuesdays as well a cohort of teachers implementing Literacy Clubs with families in their own classrooms.
- Continued the sixth year of the WCSD Parent University to provide more than 300 free classes to families focused on how to support a child's learning at home, how to understand data and your child's progress as well as support for college and career readiness. Classes are taught in schools and community based locations and offer free childcare and interpretation.
- Parent University also offered a Family Access Day for elementary families and a Chart the Course day for middle and high school families at the University of Nevada, Reno in partnership with UNR, WCSD's CTE Department, WCSD's Counseling Department and Truckee Meadows Community College. These days provided families with an all-day Saturday workshop on the path to college from pre-k through high school. Student Support Services also held its second Family Summit for Special Education on a Saturday.
- All schools created a comprehensive plan for family engagement incorporated into the School Performance Plan as part of the district's School Performance Framework.
- Support is provided for the district's Council on Family Engagement, an advisory volunteer board that works in partnership with the district on WCSD's family engagement efforts. The Council makes recommendations to the Superintendent about best practices that should be implemented to support the board policy on family engagement.
- The WCSD COFE's Professional Development committee implemented two sessions of a 16-hour class on family engagement for teachers and other school personnel and a collaboration with the Northwest Regional Professional Development Program resulted in a 16-hour book study/action research class for educators on family engagement.
- A district-wide Parent Climate Survey aligned with the student and staff survey and continued the use of paper surveys to ensure that all families had an equitable chance of providing input. Climate data is reported back to schools individually and is also used for district foundational goals.
- Supported the positive Parent Teacher Home Visit Program in 27 schools and Academic Parent Teacher Teams in 7 schools.

## Discipline

The mission of the Ombudsman & Strategies Office is to provide system-wide leadership for a unified approach to fostering climate and student engagement. An engaging climate which optimizes learning is one in which students, families, and staff share a sense of belongingness, is inclusive, and one in which equitable practices and collaboration prevail. This requires coordination between our Behavioral Department, our Equity & Diversity Department, and our MTSS-SEL Department. It also requires cross-office collaboration with our Intervention Department, our Counseling Department, and our Family Schools Partnership Department among other District divisions.

Our Behavior Department works on an ongoing basis with school administration focusing on preventative measures and non-traditional forms of discipline. Working collaboratively with schools and multiple stakeholders, we have developed our behavioral manual and behavioral matrix which provides clear guidance and expectations regarding disciplinary practices. A major emphasis of this work is to decrease the number of major behavioral incidents, as well as the number of incidents related to bullying or cyber bullying. Toward this end, during the 2017-18 school year we continued our efforts and supports with Multi-Tiered Systems of Support and Social Emotional Learning. Additionally, we expanded our restorative practices pilot program developing a cadre of schools coming together periodically to receive professional learning, learn from one another's experiences, and to implement practices. Additionally, and in collaboration with other offices, mandatory training in Safe Schools, bullying and cyberbullying, harassment and Safe and Respectful Environments have been included in districtwide staff requirements. In response to revisions to NRS 392.4644 the District:

- Updated WUSD Policy to reflect the changes
- Updated guidance manuals and procedures to support schools regarding changes
- Provided training to all school administrators regarding the changes
- Worked with the Washoe Education Association and other associations to provide information regarding the legislative changes

The WUSD continues to examine student behavior, school climate and safety data. All schools participate in climate and safety surveys annually, which include parents, students and staff results. Reports are issued to all schools with opportunities to interpret information, especially through the lens of Equity & Diversity.

The WUSD created a Department of Civil Rights Compliance in the Office of General Counsel and hired an attorney as the Director to support staff and student cases.

### **Department of Civil Rights Compliance**

The Department of Civil Rights Compliance (DCRC) has the following responsibilities:

- Ensure that Board Policy, Administrative Regulations and Procedures are in place to ensure a safe and respectful school environment for all students and staff
- Create a streamlined procedure for filing and resolving complaints and appeals
- Present training and act as a resource to school administrators responsible for investigating bullying

## 2017-2018 District Accountability Report

Data as of: Previous School Year

'-' Indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

'N/A' indicates that this population was not present.

'\*\*' indicates that the data was not available.

Data in grade 9-12 excludes pupils:

who successfully completed HSE assessment,

who are enrolled in approved courses for an adult standard diploma, withdrew from school to attend another school.

Data is not displayed for a group where enrollment information is missing.

Negative value indicates rate cannot be calculated due to zero enrollment.

### Nevada System of Higher Education (NSHE) (Fall 2017)
